

WATER BATHS

UNCIRCULATED WATER BATHS

(AMBIENT +5°C TO +100°C)

(Image: **TWB-24D** with clear polycarbonate lid)

Digital Uncirculated Water Baths

- Australian made
- Adjustable temperature range up to 100°C
- Accurate digital solid state temperature controller
- Durable Colorbond construction
- Seamless stainless steel tank with radial corners
- Carry handles fitted as standard
- Perforated Removable floor
- Drain fitted standard to TWB-24D and TWB-48D only
- Custom baths available on request

Above: Bath shown with in-built drain.
Drain is fitted standard to 24 and 48 litre models.

Fitted Standard:

The Manual Reset Safety Thermostat (MRST) is a fail safe device factory set to cut out the heating if the bath runs dry. This is particularly important if the bath is operated whilst unattended for long periods, or at elevated temperatures.

Optional Accessories

Polycarbonate gable lid for the TWB-12D and TWB-24D models

Stainless steel gable lid for the TWB-48D model

Stainless steel flat lid available for all three models

TWB-12D shown above with clear polycarbonate lid

SPECIFICATIONS

Model	TWB-12D	TWB-24D	TWB-48D

CIRCULATED WATER BATHS

(AMBIENT +5°C TO +100°C)

(Image: TWBC-24 shown with optional TU3)

Digital Circulated Water Baths

- 12 to 80 litre models available
- Bath constructed of high grade stainless steel
- Insulated walls to reduce heat loss
- Seamless stainless steel tank with radial corners
- Carry handles for easy moving
- Custom made baths to suit most applications available on request
- Height adjustable floor on 30 and 80 litre large capacity models
- Australian made

AUSTRALIAN

MADE

Thermoline's quality range of standard stainless steel laboratory water baths are available in 12, 24 and 48 litres capacity. The range also includes two large capacity industrial water baths with adjustable flooring which can hold 30 and 80 litres respectively. All baths are constructed of stainless steel, and are insulated to reduce heat loss. Accurate temperature control is available when used together with the TU series heater circulators.

Optional Accessories

Polycarbonate gable lids to suit 12 and 24 litre models

Stainless steel gable lids to suit 12, 24 and 48 litre models

Stainless steel flat lids to suit 12, 24 and 48 litre models

TU Series heater circulators to allow heating from ambient +5°C to 100°C

Note:

For more information on Thermoline's range of Unistat Heater Circulators, please refer to our **"Digital Heater Circulators"** page. Information on Thermoline's Uncirculated Baths can be found on our **"Digital Uncirculated Baths"** page.

WATER BATH WITH IN-BUILT CIRCULATOR

(AMBIENT +5°C TO +70°C)

(Image: TWB-24D-CP)

Digital Water Bath with In-built Circulator

- 24 litre model available
- Unique built in water circulation pump
- Bath constructed of high grade colorbond steel
- Economic and easy to operate
- Seamless stainless steel tank with radial corners
- Flat and gable lids available

AUSTRALIAN

MADE

This circulated water bath features a unique built-in circulation water pump and is fitted with a digital PID control system which provides accurate temperature control. This bath provides a step between the uncirculated models and the TWBC range which has many features that certain applications may not require. This bath provides improved temperature uniformity at a budget friendly price.

Optional Accessories

Polycarbonate Gable Lid

Stainless Steel Flat Lid

SPECIFICATIONS

Model	TWB-24D-CP
Capacity	24
Bath Dimensions (WxDxH mm)	500 x 300 x 160
Overall Dimensions (WxDxH mm)	530 x 330 x 310
Temperature Range	Ambient +5°C to 70°C
Controller	Digital PID Control System
Safety	Over temperature protection with audible alarms
Drain	Standard
Weight (kg)	12
Temperature Uniformity	±0.15°C

Thermoline Scientific have been manufacturing and distributing high quality laboratory and scientific testing equipment since 1970. Over this time, Thermoline has grown to be a leading brand in the science industry, with our equipment being used in small and large Hospitals, Universities and Research Laboratories across Australia and the Asia Pacific region.

We're proud to say that we are 100% Australian owned and operated.
